

# SARO BATHROOM ODOR ELIMINATOR

---

## *What you'll need:*

4 oz spray bottle  
1 Tbsp vegetable glycerin  
3.5 oz distilled water  
1.5 ml (approximately 45 drops) Optiphen Plus  
20 drops Saro  
15 drops Lemon  
5 drops Balsam Fir

## *What you'll do:*

Add vegetable glycerin, Optiphen Plus, and essential oils to the spray bottle.  
Stir or swirl to combine  
Add water to fill and shake prior to each use  
Spray into toilet water prior to using the restroom.  
This creates a barrier to the water, as well as releases a pleasant scent into the room.
