

Section 1: Identification

Finished Product Name: Body Butter Mimosa & Cucumber Splash
Product Type: Finished Goods
Product Category: Personal Care Beauty product
Consumer Intended Use: Topical Unbroken Skin
Effective Date: 07/02/2019

Company Identification:
Plant Therapy
510 2nd Ave. S.
Twin Falls, ID 83301
800-917-6577

In case of Medical Emergencies, please contact your local poison Control Center or Health care provider.

Section 2: Hazard(s) Identification

Emergency Overview:

This is a personal care or cosmetic product that is safe for consumers and other users under intended and reasonably foreseeable use

Hazard Classification: Not Classified **Signal Word(s):** N/A **Hazard Symbol(s):** N/A

Hazards Statement: There are no additional ingredients present, which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment

Precautionary Statements:

For External Use Only: Discontinue use if irritation occurs.

Avoid Eye Contact: Contact may cause irritation. Some redness and/or stinging may occur. If contact occurs flush thoroughly with water.

Keep out of reach of children.

Section 3: Composition/Information on Ingredients

Product Ingredient List:

Water
Butyrospermum Parkii (Shea) Butter
Glycerin
Caprylic/Capric Triglyceride
Glyceryl Stearate
Dicaprylyl Ether
Cetearyl Alcohol
Cetyl Alcohol
Fragrance
Glyceryl Caprylate
Sodium Polyacrylate
Sodium Stearoyl Glutamate
Cetearyl Glucoside
Xanthan Gum
Caprylhydroxamic Acid

Sodium Phytate
Aloe Barbadensis Leaf Juice *
Camellia Sinensis Leaf Extract *
Cucumis Sativus (Cucumber) Fruit Extract *
Mangifera Indica (Mango) Fruit Extract *
Persea Gratissima (Avocado) Fruit Extract *
*This product does not contain ingredients considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200)

Section 4: First Aid Measures

Eye Contact: Thoroughly rinse affected eye(s) with water for 10-15 minutes. If wearing contacts remove before rinsing eye(s) if discomfort or irritation persists, seek medical attention.

Skin Problem: Discontinue use of product. Apply cold compresses to affected area(s) to relieve discomfort.

If discomfort or irritation persists, seek medical attention.

Inhalation: Not an expected route of exposure. If respiratory irritation does occur, remove individual to fresh air. Discontinue use. If discomfort persists, seek medical attention.

Ingestion: Accidental ingestion of product may require medical attention. In case of accidental ingestion, dilute with fluids (water or milk) and treat symptomatically. If discomfort persists seek medical attention. Never induce vomiting in an unconscious person.

Medical Conditions Generally Aggravated by Exposure: Open cuts or wounds, use on mucus membranes, and highly sensitive skin.

Section 5: Fire Fighting Measures

Flash Point: Not applicable

Extinguishing Media: Water in a fine spray, Alcohol resistant foam, CO2, Dry Chemical

Special protective equipment and precautions for firefighters: None known

Fire and Explosion Hazards: No applicable hazards known

Section 6: Accidental Release Measures

Personal precautions: None under normal use conditions

Protective equipment: None required

Emergency Procedures: None required

Procedure if Product is leaked or spilled:

Small spills: Clean up with damp cloth then rinse area with water.

Large spills: Cover with absorbent material, soak up and sweep into drum

Dispose of in accordance with local, state or regional regulations

Environmental precautions: Prevent further spilling or leakage. Prevent large spills from entering drains and being released into the environment

Section 7: Handling and Storage

Precautions for safe handling:

Utilize standard safe handling and transportation techniques to avoid spillage or rupture of the product containers. Avoid eye contact

Precautions for safe storage:

Product is stable and does not require special storage conditions. Storage in large quantities (as in warehouses) should be stored in amicable conditions avoiding extreme heat/cold/direct sunlight which could alter the cosmetic appeal of product. No incompatible materials known.

Section 8: Exposure Controls/Personal Protection

Engineering Controls: This is a consumer product that is safe for consumers under normal and reasonably foreseeable use

Exposure Guidelines: Exposure guidelines are not relevant when product is used as intended in a household setting

Respiratory Protection: No special protective equipment required

Ventilation: no special ventilation required

Protective Gloves: No special protective equipment required

Eye Protection: Not required in a household setting. In an industrial setting if there is a large quantity spill use safety glass/goggles if splash hazard exists

Protective Clothing or Equipment: No special protective clothing or equipment required

Work hygienic Practices: Always follow good hygienic work practices

Section 9: Physical/Chemical Characteristics

Appearance: smooth cream emulsion

Physical State: solid

Odor: characteristic

PH: 6.2

Specific Gravity: No information available

Boiling Point: No information available

Solubility in Water: Soluble

Melting Point: No information available

Flash Point: No information available

VOC Content: None

Vapor Density: No information available

Section 10: Stability and Reactivity

Chemical Stability: Stable under normal storage, handling, use and transportation

Incompatibility (Materials to Avoid): None known

Hazardous Decomposition or Byproducts: None known

Conditions to Avoid: Extreme temperature conditions

Possibility of hazardous reactions: None under normal use conditions

Section 11: Toxicological Information

Acute Toxicity: Product does not present an acute toxicity hazard

Acute Inhalation: No known effect

Acute Skin: No known effect

Acute Ingestion: Oral toxicity is not anticipated, but may cause stomach distress, nausea or vomiting

Acute Eye: Contact may cause mild, transient irritation

Chronic Toxicity: Product is not expected to have chronic Health effects

Corrosivity: No known effect

Sensitization: No known effect

Reproductive Toxicity: No known effect

Neurological Toxicity: No known effect

Carcinogenicity: Finished product does not contain ingredients above reportable quantities listed as a carcinogen

No known health hazards; immediate and delayed.

Section 12: Ecological Information

The product ingredients are expected to be safe for the environment at concentrations predicted under normal use and accidental spill scenarios. Packaging components are compatible with the conventional solid waste management practices.

Section 13: Disposal Considerations

Waste Disposal Method:

Small quantities/Household: Treat as general household waste.

Large quantities/Non-Household: Should not be released into the environment. Dispose of in accordance with local, state and Federal regulations.

Section 14: Transport Information

Finished packaged product transported as Non-hazardous. Special precautions and handling are not required

DOT: Not regulated

IATA: Not regulated

IMDG: Not regulated

Section 15: Regulatory Information

While this finished product is not considered hazardous, this SDS contains valuable information for safe handling and proper use of this product.

Fragrances contained within the products covered by this SDS comply with the appropriate IFRA guidance. CA Prop 65: This product is not subject to warning labeling under California Proposition 65

Section 16: Other Information

Disclaimer

Plant Therapy believes that the information on this SDS was obtained from reliable sources. However, the information is provided without any warranty, expressed or implied, regarding its correctness. Some information presented and conclusions drawn herein are from sources other than direct test data on the substance itself. The conditions or methods of handling, storage, use and disposal of the product are beyond our control and may be beyond our knowledge. For this and other reasons, Plant Therapy does not assume responsibility and expressly disclaims liability for loss, damage, or expense arising out of or in any way connected with handling, storage, use, or disposal of this product. If the product is used as a component in another product, this SDS information may not be applicable. Information is correct to the best of our knowledge at the date of the SDS publication.

Notice of OSHA Requirement

This Safety Data Sheet (SDS) generally conforms to the requirements as set forth by the U.S. Occupational Health and Safety Administration (OSHA) in part 1910 of the Code of Federal Regulation, Hazard Communication. This product is a cosmetic, drug, or other consumer product in final finished consumer packaging. We do not foresee any other use of this product that would expose anybody to a duration or frequency of exposure greater than the range of exposures that can

reasonably be experienced by consumers when used for the purpose intended. Accordingly, OSHA SDS requirements do not apply to this product (see CFR 1910.1200(b)(6)(vii), 1910.1200 (b)(6)(viii), and 1910.1200(b)(6)(ix).
